2.3.1

Student centric methods, such as experiential learning, participative learning and problemsolving methodologies are used for enhancing learning experiences

STUDENT CENTRIC METHODS

Student centric methods are used in the institute to promote better teaching learning experience for the experience. There are various student centric approaches used for learning activities like participative learning, experiential learning, ICT tools and problem-solving methodologies.

Participative Learning: Under participative teaching learning methods, teachers use

- Role plays,
- Group Discussions,
- Presentations,
- Industrial Visit
- Field Visit
- Competition on Case studies
- Management Games
- Presentation by students
- Subject wise study material on Moodle

Debates etc to have a better learning experience among the students. Experiential Learning: Under experiential learning, students are taken on industrial visits to various industries to have a practical knowledge of the theories learnt in the class room.
